

A QUICK AND EASY SOLUTION FOR GOOD WORK LIGHT

Good work light on e.g. constructions sites is important. Our LED Work light Fixture 30W provides all the light you need on your work space. For a quick setup and removal, the fixture is equipped with simple clip-on fittings. The weight of the fixture is only 2,6 kg. incl. cables, so moving it around is simple and effortless.

The light source is an LED strip, so you have the benefit of a robust fixture which is shock and impact resistant. Our LED Work light fixture 30W comes fitted with 8m H07RN-F cable with a 230V CEE plug. Additionally, as an extra plus, the fixture is fitted with 1m H07RN-F cable with 230V CEE connector, which operates as an intermediate link for further looping. It is hence very easily connected into series, where needed.

YOUR BENEFITS

- ✓ Easy to install with either snap fittings or strips
- ✓ Can be easily connected in series where needed
- ✓ Low weight
- ✓ The light source is an LED strip, which is more robust than a conventional fluorescent lamp
- ✓ Can withstand shock and impact
